MEMO TO: Jan Lieben, M.D.
F R O M: Mary Margaret Shanahan
SUBJECT: Exhumation Cases

Enclosed are copies of the death certificates on four persons who received radium injections at the Mayo Clinic) together with copies of various memos to file dated March 27, March 3, March 14, and March 7 respectively. The memos will give you the next-of-kin for these four Mayo Clinic cases.

Mrs. received 50 μ g of radium chloride in 1927 for arteriosclerosis. Mrs. received 35 μ g of radium chloride in 1925 for hypertension. Mr. received 25 μ g of radium chloride in 1925 for Buerger's disease. Mr. received 25 μ g of radium chloride in 1925 for carcinoma of the stomach.

I have just heard from Dr. Stehney that he is quite anxious to obtain exhumation permission for these cases, for Mr.

and for any plutonium cases on whom you have been given information previously (how about and ?)
